EDUCATION

Columbia University MS in Artificial Intelligence (Advanced Computing Concentration)	Expected Dec 2027 New York, NY
Northeastern University BS in Data Science and Behavioral Neuroscience	Sep 2022 - Apr 2026 Boston, MA
Honors & Awards: <i>cum laude</i> (GPA: 3.6/4.0), Northeastern Conference Travel Award 2025	
Courses: Large Scale Storage/Retrieval, Machine Learning, Information Visualization, Object-Oriented Design	

TECHNICAL SKILLS & INTERESTS

Programming: Python, SQL, R, JavaScript, Java, Kotlin, Swift
Tools: Git, Jupyter, Jira, Linux, Figma, SPSS
Databases: PostgreSQL, MySQL, MongoDB, Neo4j
ML & Data: PyTorch, TensorFlow, HuggingFace Transformers, Scikit-learn, Pandas, NumPy
Languages: Urdu, Hindi, Spanish (Conversational)
Hobbies: Writing (NU Sci Magazine)

TECHNICAL EXPERIENCE

Product Manager Zor! LLC	Sep 2025 - Aug 2026 Boston, MA
- Led cross-functional team of 10+ across engineering, design, and business through agile sprint cycles - Owned product roadmap for digital health mobile app startup serving 50+ users; pitched vision to investors - Designed PostgreSQL schema for patient health records powering app's prediction and analytics features - Trained deep learning model for personalized health predictions; generated synthetic patient dataset for validation	
Research Engineer Co-op Cognition and Intelligence Lab , University of Miami	Jul 2025 - May 2026 Miami, FL
- Built end-to-end automated behavioral annotation pipeline using Vid-LLMs; hit ~90% accuracy on 1000+ segments - Reduced manual annotation time by 92%, replacing hand-labeling for 2 labs' primary annotation method - Designed prompt optimization and output parsing framework converting model outputs to structured labels - Shipped to production with tests and code reviews; benchmarked against human raters	

ADDITIONAL EXPERIENCE

Fundraiser Volunteer UMC Free Clinic	May 2022 - Aug 2026 Miami, FL
Raised \$1M+ in donations as annual gala treasurer for non-profit serving healthcare in uninsured communities; 200+ hours	
Teaching Assistant Neurobiology and Technology , Northeastern University	Jan 2025 - Apr 2025 Boston, MA
Ran bi-weekly office hours and exam review sessions for 40+ students; revised course materials with Dr. Ricci	
Clinical and Hospital Co-op Cleveland Clinic	May 2024 - Aug 2024 Weston, FL
Analyzed EEG, MRI, CT, and patient health data across 400+ neurology cases spanning clinic, hospital, and OR settings	
Research Assistant Center for Translational Neuroimaging , Northeastern University	May 2023 - May 2024 Boston, MA
Supported wet-lab pre-clinical psilocybin treatment research; 3D-segmented 40+ rodent MRI datasets using ITK-SNAP	

RESEARCH POSTERS & PRESENTATIONS

Baig, I., ... & Cai, M. (Sep 2026). *GazeBehavior Annotation Toolkit (GBAT)*. **IEEE ICDL**, Kyoto, Japan.

Baig, I., ... & Cai, M. (Dec 2025). *AI-based analysis in parent-child interactions*. **NeuroBoston SfN Chapter**, Boston, MA.
